ENGINE OILS

SAE 30

5L

SAE 30 is typically a non detergent motor oil used in small engines. Detergent oils contain special additives designed to trap and suspend dirt and dissolve engine oil sludge in the oil until it's changed. A non detergent oil doesn't have these additives.

20L

**Packed in 500ml ,
5l , 20l and 210l.**

ENGINE OIL

SAE40

SAE 40 is a mineral-oil-based monograde motor oil with minimal additives. It forms an oil mist during operation, which lubricates all lubrication points that are not supplied with oil via oil splash lubrication. Its strong adhesive power guarantees excellent emergency lubrication. Packed in 500ml, 5L, 20L and 210L.

500ml

5L

20L

ENGINE OIL

MULTI GRADE 20W40

Multi-grade 20w-50 is a premium quality “turbo tested” motor oil which meets all the latest engine manufacturers' specifications. Blended by using up-to-date additive technology and high quality base oil, Multi-grade 20w-50 will ensure engine protection against the most stringent driving conditions. PACKED IN 500ML , 5L , 20L AND 210L.

ENGINE OIL

DIESEL OIL HD40

HD 40 is a performance heavy duty engine oil primarily intended for use in diesel automotive engines of passenger cars, commercial vehicles and farm equipment. Packed in 500ml, 5l, 20l and 210l.

TURBO DIESEL 15W40

DIESEL ENGINE OIL has excellent soot dispersancy and wear control while providing outstanding protection against wear and corrosion. Its superior formula reduces sludge, protects against varnish formation and has superior anti-oxidation characteristics and high temperature stability

GEAR OIL 80W90

GEAR OIL 80W 90 is a **multi-purpose gear lubricant** for automotive applications designed to provide optimum benefits in the demanding mechanical transmissions, axles and gear boxes of heavy commercial vehicles, light commercial vehicles and passenger cars. **PACKED IN 500ML , 5L , 20L AND 210L.**

500ml

5L

20L

500ml

GEAR OIL EP90

GEAR OIL

5L

EP 90 is a mineral oil based gear oil containing anti-oxidant, anti-wear and extreme pressure additives to protect against problems due to oil oxidation, gear wear and corrosion.

**Packed in 500ml ,
5l , 20l and 210l.**

20L

TRANSMISSION ATF DII

ATF DII is an automatic transmission fluid for many passenger cars, forklift trucks and buses. It is also suitable for certain power steering systems, torque converters, change-gearboxes, fluid clutches and non complicated hydraulic systems.

**Packed in 500ml ,
5l , 20l and 210l.**

ENGINE CLEANER WATER BASE

A **Water based degreaser** utilize water as the primary solvent. It remove soils not only by dissolving contaminants, but can also chemically react with the greasy contaminants and make them more readily dissolvable in water.

500ml

5L

20L

ENGINE CLEANER SOLVENT BASE

Solvent Based Engine Cleaner is a heavy duty cleaner specifically formulated for the removal of severe oil, tar and grease deposits on motor and truck engines. For degreasing of all types of plant machinery and equipment, Ideal for workshops, contractors, petrol stations and farms.

PACKED IN 500ML , 5L , 20L AND 210L.

DEGREASER CONCENTRATE

DEGREASER

A **Degreaser** is a cleaner designed to remove grease, oils, cutting fluids, corrosion inhibitors, handling soils, finger prints and other contamination common in assembly, stamping, other types of metal fabrication, refineries, motor repair, airplane hangers and many other applications.

PACKED IN 500ML , 5L , 20L AND 210L.
DEGREASER CONCENTRATE COMES IN A TRIGGER SPRAY ONLY AVAILABLE IN 500ML.

pn

BRAKE FLUID DOT4

BRAKE FLUID DOT 4 is a state-of-the-art, high-performance, premium brake fluid of outstanding quality, with a high wet boiling point and thus extreme safety reserve against vapour lock. BRAKE FLUID DOT 4 is ideal for hydraulic disc brakes and drum brakes on motorcycles, cars, commercial vehicles and machines.

Packed in 200ml ,500ml , 5l , 20l and 210l.

2 STROKE OIL

2 Stroke Oil is a low ash high performance lubricant designed for 2 stroke petrol fuelled engines. It is recommended for land based air cooled 2 stroke engines such as lawnmowers, weed eaters, chainsaws, motorcycles and auxiliary equipment. . PACKED IN 200ml, 500ML , 5L , 20L AND 210L.

500ML

5L

20L

HYDRAULIC OIL ISO 46 AND ISO 68

A high-performance, carefully selected additive package gives excellent anti-wear and extreme pressure properties as well as good thermal stability and corrosion protection. Inherently strong oxidation resistance anticipate gumming and drop accumulation at top temperatures.

ANTI FREEZE

Stops the water from freezing under normal cold weather conditions. As well as lowering the freezing point, it also raises the boiling point of engine coolant. Along with a pressurized system, this helps to reduce the risk of overheating. Available in summer coolant, 30%, 50%, and 96% strength. Packed in 1L, 5L, 20L, and 210L.

GREASE

Grease is a semi-fluid-to-solid lubricant that has a wide range of industrial, marine, and automobile applications. Since grease has a direct influence on the performance, durability, and reliability of your vehicle, machine, or equipment, it is essential to choose the right product that is optimized for your individual needs. Available for cv joints ,wheel bearing and for multipurpose.

PACKED IN 500G , 5KG , 15KG AND 180KG.

HAND CLEANER WITH GRIT

Grit is a solvent-free heavy duty hand cleaner containing non-abrasive scrubbers for a deep- down cleaning action and moisturiser to help care for the skin. Removes ingrained oil, grease, paint, glue and general grime. PACKED IN 800G , 5KG , 20KG AND 30KG.
